Rugby union is a popular sport in Ireland and many who are mentally ill play this game for leisure or as a source of support, whilst others use it to learn. However, there are also negative social aspects of the sport, e.g. homophobic bullying and a culture of machismo. In spite of this, very few Irish people affected by mental illness have access to this game. This article examines the reasons why rugby union is not available for this group of people, and explores the case for including them in a sport that is inclusive and accessible.This invention is directed to a centrifugal pump assembly and, more particularly, to a pump assembly with improved seal arrangements between pump and impeller vanes. Centrifugal pumps, known as positive displacement pumps, generally provide improved performance over other types of pumps. A pump usually includes a housing having an impeller rotatably mounted in the housing. An impeller typically includes a plurality of vanes
