I am new to Angularjs and I have a requirement wherein I need to create a button that opens a new page in which I need to show a welcome message on that page. This page should be opened after the button is clicked. Can anyone please suggest me how to do this? A: In my opinion the best solution is to add a callback to the route config that is called before the route is navigated: var app = angular.module("app", ["ngRoute"]); app.config(["\$routeProvider", function(\$routeProvider) { \$routeProvider.when("/page1", { templateUrl: "page
