We will lead you to the use of Regalia. It is an unique creation and the preferred weapon of Dunwall because of its unique ability. Without that you cannot defeat enemies or complete missions in Dishonored 2. Dishonored 2 is a great game with a great engine. It is a next generation game, published by Arkane Studios. The game was developed by Arkane Studios and is the first game on this engine. It is an open world game and you are free to choose what to do. Now let's get down to business. You can use advantages of both that are listed below.

DISHONORED 2: TRAINER

This trainer greatly reduces the time of the intro sequence, allowing you to skip it. After the scene, you will be able to train. You wont be able to skip the intro sequence but you will be able to play the game normally. This trainer lets you turn off the entire cutscene when starting a save. This is a huge advantage for trainers, because you will now be able to have infinite ammo, health and mana. You will not get infinite oxygen and stealth, though, because the cutscene is not disabled. Try this trainer if the trainer that modify DSI was not working for you. Apart from the standard ability of the program, the trainer also includes a number of additional functions: +5 blind spots; + 5 extra points of health; +10 invisible up, +10 invisible down, +10 invisible to any; +5 explosion radius; +5 hand-eye coordination; +10 quick sprint. All of this in combination with the extra drops that will make it possible to skip several waves of enemies at the beginning of the game. A mark that, apart from the standard ability of the program, includes a special functional mode that will increase the number of gold. Runes, and health reserves. Furthermore, the trainer will add 10 extra points of health and mana.
